**Letter of recommendation**

Seite: 1/1

To Whom It May Concern,

it gives me great pleasure to compose a letter of reference for Cristina Clima, who was employed as student assistant ('Studentische Hilfskraft') at my chair from 1<sup>st</sup> June 2016 to 30 September 2017. She worked 20 hours per month (in two months 40 hours per month).

Her main activity consisted in helping to establish parallel text corpora for linguistic research in collaboration with other student assistants working at my chair. Her principled task was to identify interrogative clauses in different texts (translations of Asterix, Montalbano and the Bible) and to partly annotate them according to linguistic criteria. Due to her excellent linguistics skills of Rumanian, her mother tongue, and Spanish as well as other Ibero-Romance languages, she mainly worked with translations from Spanish, Portuguese, Catalan and Rumanian.

All tasks assigned to Cristina Clima were performed to my utmost satisfaction. She became quickly acquainted with her tasks and was a loyal and respected member of my team. Her behavior towards colleagues and staff was always beyond reproach.

I would like to take this opportunity to wish Cristina all the best for her personal and professional future.

Georg A. Kaiser
